This will be my last letter as President. Who knows I might just get a bug (since I will miss it) next year and write one anyway. I'm sure I have a fan out there somewhere? Just kidding!

On a more serious note, we have the annual Christmas party coming up Friday December 5th. This is an event no one should miss. It is a time everyone enjoys and not to mention it is for a great cause, Santa's Helpers.

Last month we held the annual Gift of Glass. We had 16 crews of 2 out in the Dallas area replacing glass in homes. I was proud to be a part of this much needed program and think everyone involved should be as well. Thank you to all who donated their time & efforts.

I will mention that I was assured within a month our website should start taking shape and will be updated from there on out. Again this is something that has been long overdue and will help everyone keep informed of what all is going on in the TGA.

Next year we have some new people on the board and some others leaving so I'm sure this will make for another interesting one.

I would personally like to thank everyone involved this year for all of their hard work and support. It went by fast. I enjoyed it, and am looking forward to next year.

Everyone have a safe and happy holiday season!!!

Kirk Lockenour

2008 Texas Glass Association/NTD CHRISTMAS PARTY

It's time to start planning the annual Christmas Party!!

I am thrilled to have the chance to organize this event again this year and want you to remember that this evening is about fun with our industry associates **AND MOST OF ALL** it's about raising tons of toys and cash donations for **Santa's Helpers** and children in need.

I know this has been a trying year financially, but the children should not be affected by bad financial decisions that have been made!

We will be back at the Doubletree Hotel/ near the Galleria in the wonderful PALM COURT again this year.

DATE: FRIDAY, DECEMBER 5, 2008

TIME: 6:30 PM – MIDNIGHT

PLACE: DOUBLETREE HOTEL (4099 Valley View Lane, 972-385-9000)

COST: TGA Members \$60.00 Per Person RSVP By 11/21/08

Non Members \$70.00 Per Person RSVP By 11/21/08

EVERYONE \$70.00 Per Person After 11/28/08

Guest speaker:

A representative from WFAA-TV Channel 8 will attend to accept our \$3000 donation and see all of the toys. We will have great food, a cash bar, dancing and great music by our friend Mike Efeney and \$3,000 Worth of Christmas gifts for the raffle!

REMEMBER for every unopened toy you bring with a value of \$5.00 or more, you will receive a raffle ticket to win great gifts!

We would like you to also remember that there are teenage kids in need also.

DONATION & SPONSORSHIP LEVELS AND HOW IT WORKS:

We collect donations and sponsorships to buy great gifts for the raffle and to cover some of the extra expenses of the evening. Then we sell raffle tickets to you so **YOU CAN WIN GREAT GIFTS!!**

(Last year's raffle gifts consisted of \$500 in cash, gift certificates to great restaurants, electronics, stuff for the home, jewelry and more.. this year you will see this and more!)

During the evening we will present Channel 8 and Santa's Helpers with a check for \$3,000 and toys. The Christmas Party is a non-profit function and the TGA/NTD members appreciate any monetary support you are able to contribute.

For those interested in participating in the Take The Elevator Home Program, The Doubletree has offered a special room rate of \$99. Please call me for more information 972-488-0635.

Sincerely,

Jim Hester

Do it right the first time, save legal costs

All major manufacturers of aluminum storefront systems, and all insulating glass fabricators and manufacturers provide written instructions for the proper installation of their products. Experience has shown me that many glass shops don't know about those instructions or choose to disregard them.

The picture below shows a glass installation with problems. Can you spot them?

The little wood setting block is $1\frac{1}{2}$ inches long and 1-inch wide. It is turned so only $\frac{1}{4}$ inch of the front lite of this insulating glass unit is supported, and it is $2\frac{1}{2}$ inches from the vertical mullion. This unit is 10 square feet in size. All of the glass in this building was set the same way and on these little wood blocks, including IGUs up to 32 square feet.

The manufacturer of this insulating glass unit specifies: "Setting blocks must be located at the $\frac{1}{4}$ points of the insulating unit. Setting blocks must be at least as wide as the insulating unit, at least as high as the minimum edge clearance and 0.1 inch in length for each square foot of glass area with a minimum length of 4 inches.

Setting blocks must be made of a resilient material such as neoprene, santoprene, EPDM or extruded silicone. Setting blocks must be 80 to 90 Durometer, Shore A, in hardness, and meet the requirements of ASTM C864 Standard Specification for Dense Elastomeric Compression Seal Gaskets, Setting Blocks and Spacers.”

The biggest problem for this glazing subcontractor is the installation does not comply with the installation instructions from the glass fabricator or manufacturer, or referenced industry standards; therefore the 10-year warranty on the insulating glass is null and void. Without proper support the insulating glass unit will suffer premature seal failure and look like the picture below.

Moisture has entered the IGU airspace and damaged the unit. In this particular case most of the glass in this large building has failed due to improper selection and installation of the glass setting blocks.

There is no defense for this type of installation. When this gets to the courthouse, you lose, and depending on the size of the job, you might lose your business in the process.

Dues are based on the total number of employees (including leased employees) in your company. Please check the appropriate box. Please check the appropriate box for your classification:

Included in your membership dues is a membership in one of the TGA Divisions (Houston, North Texas). Your membership will be assigned to one of the Divisions based on the County in which your membership is located. If you are located in a county not serviced by one of the Divisions, you will be an "at large" member. If you are a statewide member, you will belong to all divisions, with one vote in each division and one vote on TGA matters.

Members dues are not tax deductible as charitable contributions for income tax purposes. However, they may be deductible as ordinary and necessary business expense subject to restriction imposed as a result of association lobbying activities. TGA estimates up to 20% of your 2006 dues, the part affiliated with lobbying, is NOT tax deductible. Consult your tax advisor for details. **First years dues are prorated quarterly.**
