# Mammen Glass & Mirror

Mammen Glass & Mirror, Inc.  
dba M3 Glass Technologies  
Honored as Finalist for  
U.S. Chamber of Commerce Small Business of the Year

WASHINGTON, D.C.—Mammen Glass & Mirror, Inc. dba M3 Glass Technologies in Irving, Texas has been selected for the second year in a row as a finalist for the U.S. Chamber of Commerce Small Business of the Year Award. Mammen Glass & Mirror is one of seven finalists to be honored during America's Small Business Summit 2008, April 16-18 in Washington, D.C.

"Mammen Glass exemplifies America's spirit of enterprise and entrepreneurship and deserves recognition for a job well done," said Thomas J. Donohue, Chamber president and CEO. "Small businesses are what this country is built on and their competitive spirit is an essential part of the past, present, and future of our economic growth and stability."

A third-generation family-owned and operated business, Mammen Glass & Mirror was selected specifically for its entrepreneurship and extraordinary growth. Starting out as an auto glass company, Mammen has progressed over the years into residential and commercial glass sales and installation and glass fabrication. Named one of Inc. magazine's 5,000 fastest growing private companies, it is expected to exceed its business plan's three-year goals six to twelve months early. Mammen glass is also gives back to its community by participating in the annual "gift of glass" program and donating materials and equipment to replace windows for the poor, elderly, and disabled.

Each finalist was selected to represent one of seven regions across the country from among the winners of the U.S. Chamber Blue Ribbon Small Business Award. A selection committee will review each finalist to determine the recipient of this year's Small Business of the Year Award, which will be announced at a dinner ceremony on April 17 at the Renaissance Washington, D.C. Hotel. In addition to being honored at the Summit, finalists will receive a two-night stay in Washington, D.C. to attend the three day event.

The Small Business of the Year Award, sponsored by Sam's Club, was designed to honor businesses that demonstrates excellence in a variety of selection criteria, including financial performance and business history, staff training and motivation, community involvement, customer service, and business planning.

## Several Irving firms vie for U.S. Chamber of Commerce award

Irving, Texas, population 201,927, is home to five of the nine winners in the South-Central region for this year's Small Business Blue Ribbon awards.

The northwest Dallas suburb has more companies up for the U.S. Chamber of Commerce award than any other city.

Those companies will now compete to represent the region in the U.S. Chamber Small Business of the Year Award competition, which will be announced Friday. The top prize will be announced at the chamber's Small Business Summit in Washington, D.C., April 16-18.

The number of Irving business names in the competition is no accident. The Greater Irving Las Colinas Chamber of Commerce started an effort last year to promote its businesses nationwide by nominating them for the award.

The designation is more than just a feel-good token for Mammen Glass & Mirror, said Chris Mammen, president of the company that makes and sells glass for commercial and residential buildings.

"It opens doors for us," he said, bringing in new business and attracting employees to his Rock Island Road company.

Mr. Mammen said the entry process "causes you to be introspective about your business."

"Not that you want to play up your weaknesses," he said, "but you realize right away what they are ...what your relative strengths are."

Mammen, which last year won the regional title to become one of the top seven small businesses in the country, is one of the nine regional companies nominated this year.

The competition is open to firms with fewer than 250 employees and revenue of less than \$10 million in 2006.

REX C. CURRY/Special Contributor

Chris Mammen's MammenGlass & Mirror is nominated for the U.S. Chamber of Commerce award again this year. The award attracts business and employees, the company president said.
